

Letter of Reference

The Company is a leading provider of systems for measuring, monitoring and optimizing the quality of voice, data, video and messaging services for telecommunications network operators and service providers with locations all over the world.

The former legal entity named SwissQual was founded in April 2000 and is since January, 23rd 2006 a Spirent Communications Plc. Company.

Hereby we confirm that **Mr. Ruedi Gygli**, born on March, 14th 1957, resident of Utzenstorf BE, is employed by our company since August, 1st 2005 as **Customer Project Manager**.

His duties and scope of activity as Customer Project Manager encompass the following:

- Project management responsibilities in implementation of projects sold at the customers site, roll-out the systems, train the customers and get acceptance for projects.
- Project Leader for the internal hosting project
- Demonstrations and trials as pre-sales support in order to get the contracts.
- Training of customers and internal staff in the systems details (NQDI, QualiPoc and Diversity).
- 2nd level support of customers in difficult tasks.

Above all, we would like to accentuate his solid style consciousness and meticulous attention to detail, his substantial knowledge of and skills in working with different technologies and products.

He is using his logical and critical skills he is good at analyzing and structuring technical situations of variable degree of complexity. Mr. Gygli is a result focused and reliable employee.

His professional standing was much appreciated by customers, superiors, peers and colleagues. We thank him for his dedication and contributions.

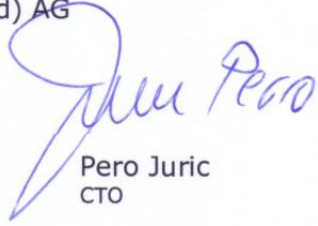

We regret that due to some re-organization and re-structuring within our company we are currently unable to continue with the services of Mr. Ruedi Gygli. We would like to thank him for his efforts and wish him all the best for the future.

Zuchwil, Switzerland / March, 20th 2007

Spirent Communications (Switzerland) AG
(Formerly SwissQual AG)

Tomas Ahnebrink
